

Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1.-11. (Canceled)

12. (Currently amended) A composition comprising:

- (1) sucrose;
- (2) fructose;
- (3) pectin;
- (4) cranberry UTH extract having about 3% to 4% proanthocyanidin
content; and
- (5) water.

13. (Currently amended) A composition having proanthocyanidin content between about 10 mg and about 60 mg per 8 oz. comprising:

- (1) sucrose;
 - (2) fructose;
 - (3) pectin;
 - (4) cranberry UTH extract having about 3% to 4% proanthocyanidin
content; and
 - (5) water,
- wherein the ratio of sucrose: fructose: pectin is about 43 to about 53: about 43 to about 53: about 3 to 5, respectively by weight.

14. (Previously presented) The composition of claim 13, further comprising one or more flavor agents.

15. (Previously presented) The composition of claim 14, further comprising one or more juice concentrates.

16. (Previously presented) The composition of claim 15, further comprising one or more vitamins or vitamin sources.

17. (Currently amended) A method of making a composition comprising combining:

- (1) sucrose;
- (2) fructose;
- (3) pectin;
- (4) cranberry UTH extract having about 3% to 4% proanthocyanidin content; and
- (5) water,

wherein the ratio of sucrose: fructose: pectin is about 43 to about 53: about 43 to about 53: about 3 to 5, respectively by weight.

18. (Previously presented) The method of claim 17, further comprising combining one or more flavor agents.

19. (Previously presented) The method of claim 18 further comprising combining one or more juice concentrates.

20. (Previously presented) The method of claim 19, further comprising combining one or more vitamins or vitamin sources.

21. (Previously presented) The method of any of claims 17-20, further comprising combining one or more sweetness enhancers.

22. (Canceled)

23. (Previously presented) The method of any of claims 17-21, wherein the composition has a brix value of less than about 12.

24. (Canceled)

25. (Previously presented) The composition of any of claims 12-16, wherein the composition has a brix value of less than about 12.

26. (Currently amended) A composition comprising:

- (1) 10-20% by weight, cranberry juice;
- (2) sucrose;
- (3) fructose;
- (4) pectin;
- (5) cranberry UTH extract having about 3% to 4% proanthocyanidin content;
and
- (6) water,

wherein the ratio of sucrose: fructose: pectin is about 43 to about 53: about 43 to about 53: about 3 to 5, respectively by weight, and wherein the composition has a brix value of 8 to 10, has 90 calories per 8 ounce serving, has 25 to 60 milligrams of proanthocyanidins per 8 ounce serving, and is free of artificial sweeteners.

27. (Previously presented) The composition of any one of claims 12, 13 or 26, wherein the UTH extract is a cranberry extract powder.

28. (Previously presented) The method of claim 17, wherein the UTH extract is cranberry extract powder.

29. (Currently amended) A composition made by the process of combining:

- (1) sucrose;
- (2) fructose;
- (3) pectin;
- (4) cranberry UTH extract having about 3% to 4% proanthocyanidin content; and
- (5) water,

wherein the ratio of sucrose: fructose: pectin is about 43 to about 53: about 43 to about 53: about 3 to 5, respectively by weight.

30. (Previously presented) The composition of claim 29, wherein the UTH extract is cranberry extract powder.

31. (Previously presented) The composition of claim 29, wherein the composition has 25 to 60 milligrams of proanthocyanidins per 8 ounce serving, and is free of artificial sweeteners.
